Training and support

Key Benefits

- Reduction in operational and capital costs.
- Improve accessibility.
- Less personnel training is needed.
- Manage your own Finance and accounting.
- Reduce Time to Launch your business.

Internet

*Choose the right Internet solution for your company
Alice - Experience the Wonder.*

Go further than just an internet connection, Grow your business and keep connected with your clients!

Key Benefits:

- **Speed:** The speed of A.L.I.C.E.'s 4G network is of a minimum of 2Mbps. Speed on 4G varies and can go up to higher speed.
- **Mobility:** A.L.I.C.E.'s 4G being a wireless based technology allows a certain degree of mobility within the area of coverage.
- **Symmetric data transfer:** 4G enables a comfortable upload and download speed for a smoother experience as compared to ADSL.
- **Area of Coverage:** DCL's 4G network is always increasing aiming towards a full coverage of the island.
- **Home Internet:** Home users have the option of buying internet based on volume usage (1GB, 2GB, 20GB etc) or on the traditional speed of 2Mbps, 4Mbps, etc.

ALICEMail

BOOST's email hosting service, allows you to be unique and professional with a personalized email address as well as the option of having a domain name if you do not have one.

Key Benefits:
